

CO-220

Standalone classroom lockdown solution with remote fob and visual indicator

Overview

The CO Series standalone classroom lockdown solution with remote fob and visual indicator is the ideal solution for customers who require the ability to initiate immediate local lockdown of up to 10 paired locks within range in the event of an emergency. The CO-220 classroom lockdown solution with remote fob and visual indicator can be put into a lockdown state (panic mode) from within the room by authorized staff members utilizing a pre-paired remote fob.

The CO-220 classroom lockdown solution with remote fob and visual indicator is computer or manually programmable with user rights stored on the lock. The Handheld Device (HHD), used in conjunction with your access control software, allows you to easily add or delete users and retrieve audits.

By issuing electronic credentials, you can minimize the number of mechanical keys issued which protects the integrity of your key system. A variety of credential readers are also available, including keypad, magnetic stripe and proximity.

Cylindrical, mortise and exit trim chassis options are available as well as a wide variety of finishes and levers to suite with your existing hardware. Mechanical key override is standard and compatible with multiple cylinder types.

The CO Series has been tested to the highest standards in the industry to ensure the quality and reliability you have come to expect from Schlage. The CO Series is ANSI/BHMA A156.25, ANSI/BHMA Grade 1 certified, and UL 10C Listed.

Features and benefits

- Includes one pre-paired remote lockdown fob
 - Typical range of up to 75' on secured side and up to 25' on exterior side of the door¹
- Continuous internal LED illumination during lockdown/panic mode
- In lockdown/panic mode, only administrative/ safety official credentials will override lock
- Always free egress even in lockdown/panic mode
- Manually or computer programmable with audit trail
- Up to 2000 users and up to 2000 audits²
- Up to 32 holidays and 16 time zones²
- ANSI/BHMA A156.25, ANSI/BHMA Grade 1 certified and UL 10C Listed
- User rights stored on the lock
- The ability to add and delete users at the lock
- Available in cylindrical, mortise and exit trim options
- Compatible with major brands of key systems

- ¹ Depending on building construction
- ² Depending on standalone access control software

CO-220 electronic lock specifications

	•
Users	Up to 2,000 ¹
Audits	Up to 2,000 ¹
Credential verification time	≤ 1 second
Visual/audible communications	Tri-colored LED's and audible indicators
Power supply	4 AA batteries (standard off the shelf: included)
Voltage range	4 VDC to 7 VDC
Max current requirement	Up to 250 mA
Battery life	Up to 2 yrs with 4AA batteries
Operating temperature - exterior	-31º to 151ºF (-35º to 66ºC)
Operating temperature - interior	32° to 120° F (0° to 49° C) due to batteries
Operating humidity	0 - 100% non-condensing
Certifications	ANSI/BHMA A156.25, ANSI/BHMA Grade 1, UL 10 C, FCC Part 15, ADA and RoHS

Functions

Classroom security²

Standard status signals

- Mechanical key override
- Battery status indicated by blinking lights

Fob specifications

Battery life

Up to 2 years with a CR2025 coin cell battery

- Remote lockdown fob (part #4485001) is shipped standard with the lock and can be paired to a single lock.
- Remote lockdown fob (part #24744856) is sold separately as an accessory and can be paired to up to ten locks.
- Each lock can be paired to up to ten fobs.

Schlage Utility Software on Handheld Device

The Schlage Utility Software (SUS) on the Handheld Device (HHD) provides an easy way to manage people, audits and locks for simple access control management.

Schlage Utility Software

- Initialize lock and accessories
- Field configure devices
- Credential reader formats
- Lock function
- Unlock period
- Failure mode
- Audible alarm on/off
- Service and diagnostics
- Battery status
- Validate hardware and
- software revision
- Troubleshooting status signals New device template simplifies configuration
- Touch screen/keypad backlit

HHD

32-bit processor

3.5 inch display

- OS: Windows Mobile 6.5
- Memory: 128 MB RAM/
- 256 MB ROM
- Battery: rechargeable Li-ion
- Dimensions: 5.1" x 2.8" x 0.65" (13.0 cm x 7.2 cm x 1.7 cm)
- Weight: 0.42 lbs (190 g)
- 5 ft (1.2 m) drop to steel
- surface, 2 drops per 6 sides

The HHD connects with AD Series and CO Series locks and accessories via the USB interface

For replacement HHD devices with a serial cable connection, please contact Technical Support at 877.671.7011.

¹ Depending on access control software

² To ensure safety, all functions always allow for free egress
