TERMS AND CONDITIONS OF SALE

Terms & Conditions

Minimum freight requirements apply. The Terms and Conditions contained on the ASSA ABLOY ACCENTRA™ Website, as published from time to time, shall apply to all purchases of Goods. To the extent that any terms in any invoice conflict with the terms of the Price List, the terms of the Price List shall govern.

Applicable Law; Definitions

All sales of ASSA ABLOY ACCENTRA™ branded goods ("Goods") shall be governed by the laws of the State of Connecticut, including the Uniform Commercial Code as in effect in Connecticut on the date of sale (the "Code"). Whenever a term defined by the Code is used in these Terms and Conditions of Sale, the definition contained in the Code shall apply here. The purchaser of the Goods agrees that any proceeding brought in connection with the purchase of the Goods shall be brought in any court of competent jurisdiction in Connecticut.

Purchase Price

The purchase price of the Goods is subject to change without notice, and the prices prevailing at the time the Goods are shipped by ASSA ABLOY ACCENTRA™ shall apply unless ASSA ABLOY ACCENTRA™ has agreed in writing to a different price or has given a prior written quotation which constitutes a firm offer. ASSA ABLOY ACCENTRA™ does not guarantee that the price, terms and conditions for reorders of the Goods will be the same as contained in the ASSA ABLOY ACCENTRA™ Price List. Rebates or refunds for Goods that represent dealer stock on hand or for Goods already shipped by ASSA ABLOY ACCENTRA™ will not be given due to any price reduction. The purchase price for any Goods purchased shall be due as and when specified in the invoice covering such Goods. Title to the Goods shall not pass to purchaser until full payment for the Goods is made to ASSA ABLOY ACCENTRA™.

Binding for all Purchases

All orders, whether solicited or written by our representatives or delivered by you are deemed offers by you to purchase our products.

Our acceptance of each such offer is expressly subject to and conditioned on your assent to the Terms and Conditions of Sale contained herein (assent may be deemed to occur if we do not receive a written objection or retraction of such offer within 48 hours after you receive our confirmation of receipt of such offer). No other terms or conditions shall apply.

Prices and Minimum Charges

All prices are subject to change without notice and are not guaranteed. All shipments will be made at prices in effect at the time of shipment. Possession of this price list does not constitute an agreement to sell. We reserve the right to correct clerical, stenographic and other obvious errors at any time.

Payment

Standard sales terms are 2/10 net 30. The 2.0% discount only applies for invoices paid in full within 10 days of invoice date.

Invoices not paid in full within 30 days of invoice date shall incur a service charge of 1.5% per month for each month or fraction thereof (or the maximum rate permitted by law) until paid in full. All delinquent accounts are subject to credit hold.

Freight

All orders are shipped FOB factory/warehouse, except as expressly provided below. When delivered to the Transportation Company, the Purchaser assumes the risk of loss or damage in transit. Customer orders with net product value in excess of \$7,000.00 will be shipped prepaid by the ASSA ABLOY ACCENTRA™ carrier of choice to a single destination point in the United States.

Customer orders with net product value less than \$7,000.00 will be shipped prepaid by the ASSA ABLOY ACCENTRA™ carrier of choice and freight and handling charges will be added to the customer's invoice. The minimum freight and handling charge will not apply to orders for only Cut (bitted) keys of any type, Master keys, Master keyed cylinders or padlocks and factory generated bitting lists that do not have any other product types included on the order. Freight on these orders will be charged as the percentage of invoice value.

For orders with net product value greater than \$400.00 and less than \$7,000.00, freight charges will be calculated as a percentage of the net invoice value and will be added to Customer's invoice. The percentage is based on the National U.S. Average On Highway Diesel Fuel Prices as reported by the US Department of Energy in effect at the beginning of each quarter. On the first Monday of each quarter, the new rate will be published on the ASSA ABLOY ACCENTRA™ and Door Security Solutions extranet and will go into effect on the 2nd Monday of the quarter. Please refer to the ASSA ABLOY ACCENTRA™ distributor extranet for the rate chart and information on the current freight charge percentage. The percentage in effect at the time of shipment of the order will be charged. Great Grand Master keys, Grand Master keys, Master keys, Construction Master keys, Control Keys, and Change Keys which are shipped separate from customer order for security reasons, on orders with total net product value in excess of \$7,000.00 will be shipped prepaid by the ASSA ABLOY ACCENTRA™ carrier of choice. If the total order value is less than \$7,000.00, the shipping charges will be added to Customer's invoice.

If a customer provides their own freight account number for the freight charges, ASSA ABLOY ACCENTRA™ will apply a handling fee of \$25.00 to the invoice.

Expedited shipping options – If the customer requests an expedited method of shipment such as "Next Day Air" the charges will be prepaid by ASSA ABLOY ACCENTRA™ and the full rate for the service, as published by the carrier, will be added to the customer's invoice.

Packing – ASSA ABLOY ACCENTRA™ will pack, mark and ship the products according to its standard procedures for shipment, unless the parties agree, in writing, that ASSA ABLOY ACCENTRA™ will comply with any special instructions provided by the customer. Special instructions must be submitted, in writing, at time of order placement. Compliance with special instructions may result in an increased price.

Discrepancies must be noted with carrier upon receipt as they are your responsibility to claim.

Minimum Annual Purchase Requirement

We may discontinue direct sales to you if you do not meet the minimum annual purchase requirement (currently \$10,000), based on total accepted, shipped and non-canceled orders within each calendar year.

How To Determine Handing Of Doors

- The handing of a door is always determined by facing the exterior of a door.
- If the hinge is on the left side of the door, the door is left handed (LH).
- If the hinge is on the right side of the door, the door is right handed (RH).
- To order a handed product, specify LH or RH. Not all products are handed; only specify handing when required.

Storeroom, Classroom, Dummies, and Interior Packs require handing

Appreciate our focus on functionality with these finely designed Heritage Collection Grade 2 deadbolts. The Premier Deadbolt “face-removable” design provides easy access to the solid brass cylinder without having to remove the deadbolt from the door. This is a significant benefit to multi-family and multi-unit projects commonly requiring re-keying. The Select Deadbolt offers ANSI Grade 2 strength and security with standard access to the cylinder.

How To Determine Handing Of Doors

- The handing of a door is always determined by facing the exterior of a door.
 - If the hinge is on the left side of the door, the door is left handed (LH).
 - If the hinge is on the right side of the door, the door is right handed (RH).
 - To order a handed product, specify LH or RH.
- Not all products are handed; only specify handing when required.

Storeroom, Classroom, Dummies, and Interior Packs require handing

The Navis Paddle redefines the landscape of residential mechanical hardware with push to open products designed to fit seamlessly into your home. The Navis Paddle makes door opening versatile and convenient for any member of the household. A door can be easily pushed open with a hip or elbow when carrying an armful of groceries or a load of laundry – its two-way push/pull operation makes it ideal for laundry rooms, garage entries, basements, bedrooms and more. The ADA-compliant handle is also accessible for children, the elderly and the disabled.

- Hands full? No problem. Just push or pull! The Navis Paddle redefines the way we open and close doors today. Instead of rotating, just push or pull - with the palm of your hand, elbow or hip for faster, easier access.
- Two-way push/pull operation makes Navis ideal for laundry rooms, garage entries, basements, bedrooms and more.
- Fits standard doors. Works with both inswing and outswing doors, and can be handed for left or right swing.
