In the event that the net product value does not meet the required net minimum, ARROW LOCK may, at its sole discretion (a) apply a minimum order charge, (b) reject the order or (c) waive the minimum requirement provided that the waiver of the requirement for one order shall not constitute a waiver of the requirement for any future orders.

With the issuance and acceptance of a quote for the purchase of products, the Purchaser agrees that products so purchased will not be resold or transferred to any Distributor not authorized by ARROW LOCK to sell its products. This would be inclusive of branches of the quoted Distributor. Failure to abide by this restriction may result in the Distributor's ineligibility for Price Concession Authorizations, or other actions in ARROW LOCK's discretion.

ARROW LOCK and its sales representatives reserve the right, in their sole discretion and for any reason, to refuse a Distributor's request to quote a price other than ARROW LOCK's standard list price and regardless of whether ARROW LOCK or its sales representatives have previously quoted discounted prices to the Distributor on some or all of its orders.
