**USA TERMS & CONDITIONS**

USA &amp; Canada Prices Effective March 3, 2025

**Acceptance**

SARGENT® reserves the right to decline an order, in whole or in part, when the type or quantity of goods or credit worthiness of the Purchaser is not satisfactory to us in our sole and absolute discretion.

Purchase Orders, QUOTE requests, Acknowledgements or the like issued by the Purchaser that have contrary standard terms and conditions are not binding on SARGENT®, unless such terms and conditions are approved in a separate written agreement by SARGENT's authorized representatives. In the event of an acceptance of Purchaser's Purchase Order by SARGENT®, the Purchaser agrees that such acceptance is solely conditioned on Purchaser's acceptance of the terms and conditions set forth in this instrument, regardless of the terms and conditions specified in the Purchaser's Purchase order. The terms and conditions in Purchaser's Purchase order which conflict with terms and conditions of this instrument shall be disregarded and are hereby rejected, and this instrument shall constitute the entire agreement between SARGENT® and the Purchaser.

In the event that SARGENT® does not enforce or require strict performance of any term or condition hereof, or of any other document, instrument or other agreement relating to goods sold, such lack of enforcement or requirement of strict performance will not waive, affect or diminish any right of SARGENT® to enforce or require strict performance of such term or condition in the future.

**Prices**

All prices are subject to change without notice and are not guaranteed.

Possession of this price list does not constitute an agreement to sell. We reserve the right to correct any errors at any time.

**Terms:**

2% tenth net 30 days after statement date.

It is understood that SARGENT® may impose and charge a finance charge which is the lesser or one and one-half percent (1-1/2%) per month or the highest rate allowed by law on any amount which becomes past due and delinquent. Additionally the Customer shall be responsible for all collection costs, court costs and reasonable attorney's fees (where allowed by law) in connection with the recovery of any delinquent amount.

**Freight**

All orders are shipped FOB factory/warehouse, except as expressly provided below. When delivered to the Transportation Company, the Purchaser assumes the risk of loss or damage in transit.

Customer orders with net product value in excess of \$12,000.00 will be shipped prepaid by SARGENT's carrier of choice to a single destination point in the United States.

Customer orders with net product value less than \$12,000.00 will be shipped prepaid by SARGENT's carrier of choice and freight and handling charges will be added to the customer's invoice.

A minimum freight and handling charge of \$15 will be charged on orders with net product value of \$400 or less. The minimum freight and handling charge will not apply to orders for only Cut (bitted) keys of any type, Master keys, Master keyed cylinders or padlocks and factory generated biting lists that do not have any other product types included on the order. Freight on these orders will be charged as the percentage of invoice value.

For orders with net product value greater than \$400 and less than \$12,000, freight charges will be calculated as a percentage of the net invoice value and will be added to Customer's invoice. The percentage is based on the National U.S. Average On Highway Diesel Fuel Prices as reported by the US Department of Energy in effect at the beginning of each month. The new rate will be published on the SARGENT and Door Security Solutions extranet and will go into effect for shipments beginning on the 1st day of the month. Please refer to the extranet for the rate chart and information on the current freight charge percentage.

Great Grand Master keys, Grand Master keys, Master keys, Construction Master keys, Control Keys, Lot Day Keys which are shipped separate from customer order for security reasons, on orders with total net product value in excess of \$12,000.00 will be shipped prepaid by SARGENT's carrier of choice. If the total order value is less than \$12,000, the shipping charges will be added to Customer's invoice.

## USA TERMS & CONDITIONS

USA & Canada Prices Effective March 3, 2025

If a customer provides their own freight account # or freight collect for the freight charges, SARGENT will apply a handling fee of \$25 to the invoice.

Turbo Orders – Please refer to the TurboShip catalog for program guidelines, including return and cancellation policy.

Expedited shipping options – If the customer requests an expedited method of shipment such as “Next Day Air” the charges will be prepaid by SARGENT and the full rate for the service, as published by the carrier, will be added to the customer’s invoice.

Packing – SARGENT will pack, mark and ship the products according to its standard procedures for shipment, unless the parties agree, in writing, that SARGENT will comply with any special instructions provided by the customer. Special instructions must be submitted, in writing, at time of order placement. Compliance with special instructions may result in an increased price.

### **Minimum Invoice:**

The following products are exempt from this policy: Cut (bitted) keys of any type, Master keys, Master keyed cylinders or padlocks and factory generated bitting lists.

### **Quotations:**

If Sargent elects to offer a quote, such quote will be valid until the expiration date on that quote.

Only one quote is accepted per purchase order.

Complete shipment of the order must be accepted by Purchaser within normal shipping lead times.

The QUOTE number must be referenced on the purchase order.

Any invoiced order that has the incorrect discount applied to it and did not have a QUOTE copy attached to the order or the QUOTE number written on the order will have a service fee of \$100.00 net DEDUCTED from any sales credit issued for the difference in discount.

The QUOTE is null and void if the Purchase Order does not include **ALL** product lines listed on the QUOTE or if the quantities for an item covered by the QUOTE deviate by **10%** or more.

With the issuance and acceptance of a QUOTE for the purchase of products, the Purchaser agrees that products so purchased will not be resold or transferred to any Distributor not authorized by SARGENT® to sell its products. This would be inclusive of branches of the quoted Distributor. Failure to abide by this restriction may result in the Distributor’s ineligibility for Price Concession Authorizations, or other actions in SARGENT’s discretion.

SARGENT® and its sales representatives reserve the right, in their sole discretion and for any reason, to refuse a Distributor’s request to quote a price other than SARGENT’s standard list price and regardless of whether SARGENT® or its sales representatives have previously quoted discounted prices to the Distributor on some or all of its purchase orders.

### **Non-Cataloged Products:**

Products not cataloged or listed in this price book will be considered as special products, and will not be manufactured without prior approval from SARGENT®. All non-cataloged goods cannot be changed or cancelled.

A minimum special handling charge of **\$50.00** will be added for non-cataloged product. Any additional labor or material required will be charged accordingly.

AND LIMITED WARRANTY**

USA &amp; Canada Prices Effective March 3, 2025

**Cylinders for Competitor Products:**

SARGENT® cylinders or cores for use in non-SARGENT® manufactured locking devices for which SARGENT® has an equivalent, will be assessed a Cylinder Service Fee of \$100.00 (net) per Cylinder. This fee applies to master keyed cylinder orders, 1 bitted high security cylinders and zero or 1 bitted restricted cylinder orders.

**Finishes:**

SARGENT finishes are covered by a limited warranty period of one year after invoice date.

**Warranty for Cylinders Factory or Field Combined:**

Cylinders shall be periodically lubricated depending on environmental conditions. FLUID FILM is recommended. SARGENT® cylinders and/or core warranty will be voided if used in non-SARGENT® locking devices.

**Warranty for Cylinders Field Combined:**

1. Keys shall be cut to the SARGENT® key biting specifications required for the particular keyway and depth system.
2. All pin lengths shall be selected according to prevailing factory standards.
3. Original SSARGENT® cylinder components, including pin tumblers and key blanks, shall be used.
4. We reserve the right to void the warranty if we deem that a malfunction is a result of non-original components which do not conform to SARGENT® standards.

**Keying Systems:**

All bittings shall be originated or authorized by the SARGENT® Key Systems Department to be compatible with one another in a specific type of cylinder (conventional, security, high security, interchangeable core, removable core) and within a particular keying system. SARGENT® will not pay for the cost of repair performed other than in accordance with this warranty. Refer to our Returned Goods Policy regarding the return of a product or component part believed to be defective as covered by this warranty. A brief description of the defect will be required. Product will be examined upon return. In the event such examination reveals a defect covered by this warranty, the product will be repaired or replaced.

The purpose of this security policy is to enforce our policies concerning high security, and security products, as well as master key system information. No master key system information or security related product is to be given or sold to anyone other than the facility owner through written correspondence. Verification must be submitted (fax copy will be acceptable) to SARGENT Key Records. The verification must be on the facility's letterhead and signed by a facility authorized systems administrator. SARGENT Key Records does not maintain "Letters of Authorization" on file. Each order must be accompanied by proper authorization. Only after the authorization has been verified will the order be processed for production. This security policy refers to the following:

- Signature systems
- Security cylinder systems

Also includes:

- Bitting information (even one bitting, absolutely no top-level master keys)
- Bitting lists (all formats; i.e., hard copy, disc)
- Key blanks and systems components
