

Tariff Surcharge

Revised Rates for U.S. Orders Effective May 12, Existing Quotes Honored

Dear dormakaba Customer:

dormakaba is monitoring and evaluating the recent developments in U.S. trade policy that directly impact the cost of imported components and finished goods across multiple product categories. The current state of this policy necessitates an update to our tariff surcharges.

The following tariff surcharges will **apply to all orders placed on or after May 12, 2025**. In recognition of the importance of planning and cost certainty, **we will continue honoring previously quoted projects, and there are no changes to our standard quote validity period**. All other quotes will receive the updated tariff surcharge below.

The rates below replace all previously communicated surcharges and are **not additive**.

- **BEST Locks, Exits, Closers, General Assembly** – 13% Tariff Surcharge
- **BEST Keys and Cores** – 3.5% Tariff Surcharge (unchanged from previous communication)
- **BEST Hinges** – 13% Tariff Surcharge
- **dormakaba Architectural** – 13% Tariff Surcharge
- **dormakaba Commercial** – 13% Tariff Surcharge
- **Design Hardware** – 13% Tariff Surcharge
- **dormakaba RCI** – 15% Tariff Surcharge
- **dormakaba Simplex/E-Plex/P-Plex** – 13% Tariff Surcharge
- **dormakaba Multifamily** – 13% Tariff Surcharge
- **dormakaba Keyscan** – 5% Tariff Surcharge

The global trade environment remains fluid and subject to rapid policy changes. dormakaba will continue to closely monitor tariff developments and broader market conditions. Should additional shifts in trade policy, sourcing costs, or material availability occur, we will reassess the tariff surcharge at that time and communicate accordingly.

To ensure fair access to inventory, we may restrict unusually large non-project orders ahead of this upcoming change. If you have any questions, please do not hesitate to reach out to your local representative.
