To Our Valued Partners,

As DynaLock monitors the developing situation with tariffs, and their impact on manufacturing and operational costs, it has become necessary to implement a temporary surcharge on all products, in-order to ensure the continuously highest standards of quality and service for our customers.

Beginning on June 1, 2025, and until further notice a **2.5% Tariff Surcharge** will apply to all product orders, with the following stipulations:

- This Tariff Surcharge will be waived for orders received before 6/1/2025, provided they ship by 6/15/2025.
- Quotations issued prior to this announcement will be honored through their original expiration date. Expired Quotations will need to be reissued. Please direct all quotation requests to r.allard@dynamlock.com

This Tariff Surcharge is subject to change or recission at any time, based upon market fluctuations in the continuously evolving global economic landscape.

If you have any questions or concerns, please do not hesitate to reach out directly to me or your DynaLock Sales Representative.

We thank you for your understanding and appreciate your continued partnership and support.

Sincerely,

Robert Allard
